

## QUALITY POLICY REV08

Due to the challenges of the current markets, with increasing Interested Parties demands, the Top Management of **TECAM GROUP** considers that Quality is oriented towards the satisfaction of our Interested Parties by means of the commitment of the whole Organisation in expiring with his needs and requirements, as well as the legal and regulation requirements and the own products, and that is a fundamental element that assures the success of the Company. For this reason the company goes a step forward obtaining the certification of UNE-EN ISO 9.001:2.015 in February 2018.

**TECAM GROUP** has the priority of the commitment with Quality as for design, assembly and technical assistance of: oil and gas processes, steam and electricity power generation systems, exhaust air treatment environmental projects, and solid and liquid waste incineration, assigning and providing all the necessary resources to achieve it, and also to obtain information that facilitates the analysis of the results as a base to adopt decisions that will orientate **TECAM GROUP** to Continual Improvement.

The Quality Management System implanted considers the following points:

- Quality and his improvement are a responsibility of all the members of the Company, starting from the Top Management.
- The Quality is obtained planning, executing, checking and improving the Quality Management System, considering always the internal and external context of the Organization.
- The Quality rests on the Continual Improvement of productive and service processes, as well as the efficiency of the Quality Management System, where the mistake prevention is a fundamental aspect.
- Quality directs us to pay the maximum attention to the technological evolution and the possible improvements that the new technologies put at our disposal.
- Quality requires the participation and collaboration of all members of the Organization. Is for that reason that this policy is spread to the whole personnel of the Company for his knowledge and comprehension.

In order to assess the quality progress, the Top Management defines all the quality objectives for all the areas of the organisation annually. These objectives are communicated to every one via their respective direct supervisors.

**TECAM GROUP** has communicated this information so that it can be applied to all levels, considering each one of its members as an active part of this policy.

**The Top Management**  
**Bernat Sala (CEO)**
